Summary of testing results (Lisa working on completion of summary of results)

Discussion of use of All exams for remediation after less than 80% on class exams; Does All assess for basic content or is it too complex for student level; Will look at All results from remedial exams to see if there is improvement; suggestion to use practice exams for remediation

mediation of remediation
Suggest to help the student use a "5 finger" concept type of review who gets it; what happens; what is the worst that happens; how can you config

hat

			Additional discussion re students who receive less than an 80% on an exam be remediated using the “5 finger” technique		
Medcard			Discussion re medcard usage – currently students are exposed to med cards in 125, 140 and 230, 220. Discussion re best timing for teaching of how to write a med card and what should go on it		
Testing Policy			Need to review 2013 vs current testing policy – will review in August 2019
