Nashua Community College
School of Nursing
NURS240N Management of Nursing Care across the Lifespan
Clinical Evaluation Tool

Support a culture of continuous quality improvement by using data to monitor outcomes; identifying, reporting, and intervening in actual or potential problems; collaborating with the multi-professional team throughout the health care system; and developing evidence-based strategies for optimal practice.	Mid-Point Evaluation Date	Student Rating Mid-Point	Clinical Faculty Mid-Point	Final Evaluation Date	Student Rating Final	Clinical Faculty Final
A. Apply principles of quality improvement to a problem encountered in clinical practice.						
B. Analyze the impact of contemporary trends and health system issues on the provision of nursing care.
