Announcements made to students regarding ATI practice tests and remediation.
Comprehensive Predictor exam date to be determined.

Course Competencies (CC):

1. Apply the nursing process and evidence to resolve complex health-related problems of multicultural groups of patients/families across the lifespan.
2. Implement appropriate individualized teaching/learning principles to assist patients/families with primary, secondary, and tertiary prevention of health problems.
3. Delegate aspects of patient care in the clinical setting consistent with the NH Nurse Practice Act.
4. Collaborate with multi-disciplinary staff and faculty in prioritizing, organizing, and providing safe nursing care for multicultural groups of patients/families across the lifespan.
5. Develop plans for continuing care of discharged patient/families with ongoing health alterations.
6. Apply principles of quality improvement to a problem encountered in clinical practice.
7. Analyze the impact of conteo4 Tf1 0 0 1 108.02 406.51 Tm0 g0 G(An)6(alyze t)-3(h)3(e)9(im)-5(p)3(ac)11(t)7(o)-

3. Support a culture of continuous quality improvement by using data to monitor outcomes; identifying and reporting actual or potential problems; collaborating with the multi-professional team throughout the health care system; and developing evidence-based strategies for optimal practice.
4. Use health care system resources and technology; including information technology, time, policies and procedures, materials, and equipment, to coordinate and deliver individual and / or population-focused care that is safe, cost- effective, and efficient.
5. Communicate clearly in goal-oriented, culturally sensitive, caring, concise, and timely ways using written, verbal, non-verbal, and electronic modalities.
6. Demonstrate accountability for professional practice using legal, ethical, and regulatory guidelines and participate in activities that contribute to life-long learning.
